Kristinehamn was called Bro and was the meeting point on the road between Sweden and Norway	King Charles IX opened an iron mill and an iron forge at the marketplace of Bro	Bro receives city privileges from the trustees of Queen Kristina and becomes the city of Kristinehamn	The price of iron is set once a year in Kristinehamn, with a huge economic impact on the world	The railway between Sjöändan and Kristinehamn is one of Sweden's first railways

**12 OLD TOWN**  
Walk around the city on your own. Follow the nine signs and learn about the development of the city. The walk takes about an hour. A paper guide can be found at the Tourist Office, the history museum Kristinehamns historiska and the library.  
Start: Södra Torget

**12 QUEST**  
Step back to the beginning of the 19th century, an important period in the history of Kristinehamn. Eight signs and fifteen questions will give you information about the time when Kristinehamn was a centre for iron export.  
Start: Södra Torget

**1 TRÄDGÅRDSGATAN**  
The old wooden houses provide a wonderful atmosphere and give a hint of how the city looked during the Iron Era.

**2 KRUKMAKERI HEMJORD**  
**Gamla Kyrkog 15**  
The house was built in 1893 and is now a shop, café, and pottery.

**3 DAPHNE**  
**Rådhusparken, Kungsg 25**  
Sculpture by Eric R. Rådberg.

**4 VÅGBRON**  
**Västerlånggatan 20-22**  
The bridge is from 1875 and is named after the nearby iron scales "våg" in Swedish.

**5 JÄRNVÅGEN**  
**Vågparken**  
The iron scales were used when Kristinehamn was an important Iron City from the 17th to the 19th

century. The iron was weighed and then loaded aboard the waiting ships in the harbour. Almost 90% of the iron was exported to other countries.

**6 GALEASEN MATHILDA**  
**Vågparken**  
The copper miniature is of Axel Broströms' first ship Mathilda (1865). Axel started Broströms-koncernen in Gothenburg which in 1965 owned 1/3 of the Swedish merchant fleet.

**7 LEV VACKERT**  
**Östra Lötg 5**

**8 KVARTERET VÅGEN**  
**Södra Hamng / Hovslagareg**  
This area was rebuilt after a huge fire in 1804. This was where the harbour was located, and it was an important place for iron

freight, merchants, and shipping.

**9 KRISTINEHAMNS HISTORISKA**  
**Södra Hamngatan 1A**  
A history museum with an exhibition of the history of Kristinehamn. Other temporary exhibitions during certain periods of the year.

**11 WAHLUNDS-GÅRDEN**  
**Västerlånggatan 22**  
This building is from the beginning of the 19th century and today it houses the municipal picture archive. Over 500,000 old photographs of Kristinehamn are stored here.

**12 SÖDRA TORGET**  
The south and north square have played a central part in city life since the 17th century. Markets are still held here.

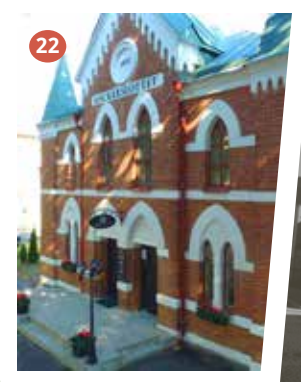

**13 STADSHOTELLET**  
**Kungsgatan 27**  
The hotel was built in 1878 and the architect was the nationally famous Axel Kumlien. At this time the ballroom was one of the country's finest.

**14 KRISTINEHAMNS KYRKA**  
**Södra Kyrkogatan 3**

## TOWERS AND ORNAMENTS

**15 SVEAMAGASINET**  
**Hovslagareg 1. Built 1893**  
 The house is built according to the fashion of that period. A new law from 1893 allowed you to cut corners on the building. Privately owned.

**16 KAVALJEREN**  
**Västerlångg 20. Built 1904**  
 This building once housed a restaurant widely known for its exquisite wooden panels designed by artist Eric Rafael Rådberg (also see Daphne p 7 and Östervik p 11). Privately owned.

**17 NORDENFELDTSKA**  
**Norra Hamng 8. Built 1771**  
 Charles IX built his residence on this site in 1571 before he became king of Sweden. Regina Nordenfeldt constructed the current stone building on top of the remains of the former cellar. This is the oldest building in the city. Privately owned.

**18 RÅDHUSET**  
**Kungsg 25. Built 1805**  
 The old courthouse burnt down in the fire of 1777. The new design was approved by King Gustaf IV Adolf. The royal master builder Isak Rosén built the house. Today this is the temporary headquarters of the military artillery regiment of Bergslagen.

**19 MORABYRÅN**  
**Kungsg 32. Built 1895**  
 The building was originally built as an administrative office for Mora-Venerns and Ö. Värmlands järnvägar (the railway company that built one of Sweden's oldest railways from Sjöändan to Kristinehamn). The interior is unique. Today the building belongs to the

Municipal Workers Union (Kommunalarbetarförbundet).

**20 TINGSHUSET**  
**Kungsg 19. Built 1883**  
 Originally the courthouse for regions Ölme, Visnum, and Våse. The painting inside has the device of King Charles XV "Land skall med lag byggas" (Countries are built by law). Privately owned.

**21 GAMLA SPARBANKEN**  
**Kungsg 21. Built 1893**  
 A bank built the house and wanted it to be the pride of the city. Today there is a restaurant on the bottom floor and apartments in the rest of the building.

**22 SOCKERSLOTTET**  
**N. Staketg 8. Built 1892**  
 Originally this was a church for the Baptist community. The building has been carefully renovated and is now a unique hotel.

**23 WALLNERSKA VILLAN**  
**Prästg 28. Built 1893**  
 Jacques Julius Wallner was fascinated by the Swedish pavilion at the World Fair in Paris in 1889. So much so that he decided to rebuild his own home in Kristinehamn to become a copy of the pavilion. Privately owned. In 2022 a popular Swedish TV programme visited the house.

**24 FRÄLSNINGARMÉN**  
**Spelmansg 23. Built 1896**  
 The Salvation Army building was destroyed in the fire of 1893. The new building was constructed according to the building style that the Salvation Army used in England – a Scottish style inspired by the Middle Ages. The building still belongs to the Salvation Army, and they run a café here.

# MAKE A MEMORABLE EXCURSION!

There is a lot to see and explore in our area; we offer tiny discoveries to mighty experiences, calm excursions to activities with speed! Stay longer and enjoy more.

## SCENIC EXPERIENCES IN A FOREST OR THE ARCHIPELAGO

Kristinehamn is the point where the largest lake in the European Union (Lake Vänern) meets the huge and wild woodland of the Värmland region. This is a world of breathtaking adventure and scenic beauty.

The Right of Public Access is a unique Swedish law that allows you to move freely in the landscape, pick mushrooms and berries and enjoy peaceful stillness. Your obligation is not to disturb (neither animals nor plants), not to leave any trace, nor to trespass on private land. By following the rules, we preserve the natural landscapes for coming generations.

Please observe that nature preserves have specific rules.

The right of public access

## KRISTINEHAMN ALL YEAR

With its location right on Lake Vänern Kristinehamn is known as a summer paradise. Rocks, beaches, islands, sunsets, boat trips and good food on sunny outdoor patios are all part of wonderful summer memories for thousands of visitors.

But did you know that winter in Kristinehamn can be equally magic? Nordic skating on a lake is an adventure you won't forget. Winter swimming and a sauna bath are likewise memorable. Kristinehamn also has tracks with artificial snow for cross-country skiing.

Autumn can be enjoyed with a kayak or fishing trip. Celebrate spring by watching a large number of migrant birds pass by. And the horizon of Lake Vänern is magical no matter what season you are here.

## TO ISLANDS VÅLÖN & KALVÖN BOAT 97

Tour boat shuttle service all days a week (June 24th – Aug 11th and weekends Aug 17-18 & Aug 24-25) to the island of Vålön. The trip takes 10 minutes and departs from Vålösundsbyggn. Vålön is connected by bridges to two more islands and a hiking trail lets you explore them all. Twice a day the boat also stops at Kalvön.

### VÅLÖN

A paradise for families; sandy beaches, woodlands, blueberries, raspberries, and the hiking trail Tre öars led (4 km one way).

### KALVÖN

When you step onto the connecting bridge between Vålön and Kalvön you'll have an open view of the lake and islands all around. You may pitch a tent in designated spots. \*

### SIBBERÖN

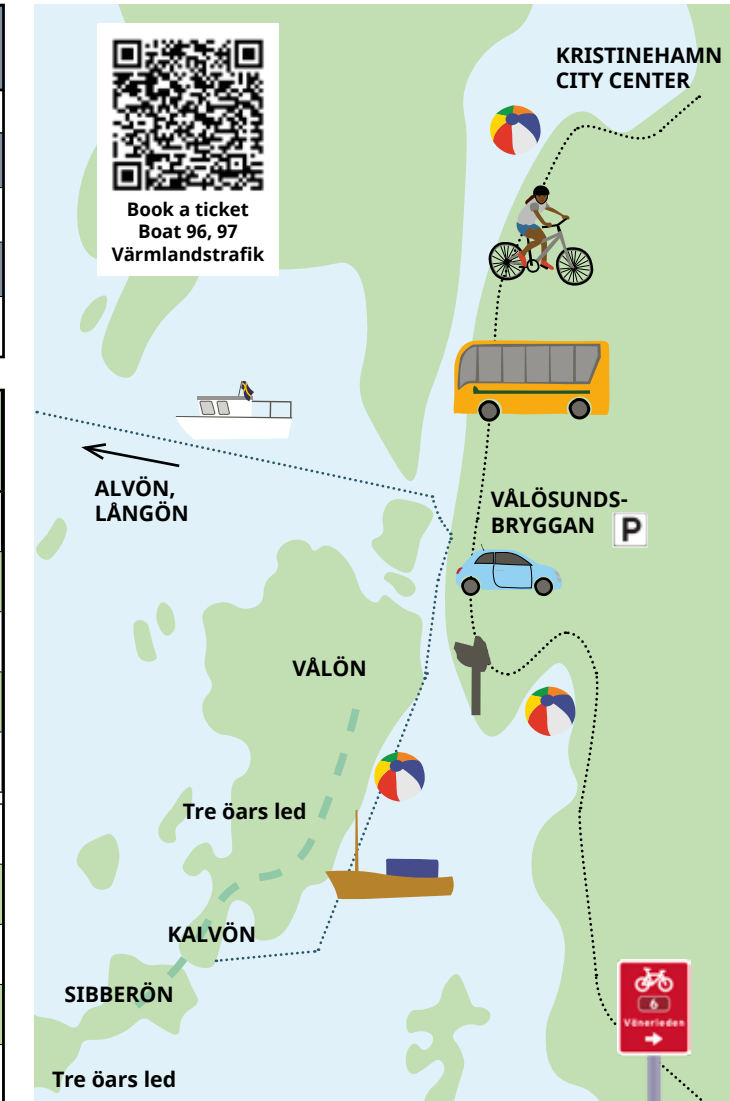

A simple wooden cottage can be used to spend the night but cannot be booked in advance. The views are breathtaking, especially from the southernmost points of the island. Look for the white-tailed eagle. \*
